MOTABILITY INTRODUCTION

Whether you need something small and easy to park, sporty and fun to drive, or roomy enough for everyday, the Nissan Motability range gives you plenty of great options. This brochure is here to help you choose the right car and the right deal for your needs through the Nissan Motability programme.

HERE'S HOW TO USE THE BROCHURE:

1. BROWSE THE MODELS: Start by exploring the Nissan range to find a car that suits your style, needs, and lifestyle.

2. PICK YOUR TRANSMISSION: Choose the option that works best for you - manual, automatic or 100% electric.

3. CHECK THE PRICING TABLE: Find the model and transmission you're interested in, then follow the row to the right. You'll be able to see:

• If an Advance Payment is required

How much of your DLA, PIP, AFIP, WPMS, CDP, or ADP allowance the vehicle will use each month
 <u>4. CONTACT YOUR LOCAL NISSAN DEALERSHIP</u>: Once you've chosen a vehicle that fits your lifestyle and budget, reach out to your nearest Nissan Motability Specialist. They'll answer any questions, arrange a test drive, and guide you through placing your order—making the whole process simple and stress-free.

We understand that everyone's needs are different. That's why we offer a wide choice of reliable, wellequipped vehicles through the Motability programme.

No matter your lifestyle or budget, we're here to help you get behind the wheel of a brand-new Nissanhassle-free and with full support every step of the way.

MOTABILITY INTRODUCTION

WHAT'S INCLUDED IN YOUR LEASE?:

INSURANCE:

Insurance is provided by Direct Line as part of the Motability Scheme. It also includes tyre and windscreen replacement, giving you extra peace of mind. You can add up to three named drivers to your insurance policy, and you can change them at any time if your needs change.

SERVICING & MAINTENANCE: Comprehensive servicing and routine maintenance are included, in line with Nissan's recommended schedules. Any necessary repairs due to everyday use are also covered. Your local Nissan dealer will get in touch when your service or MOT is due, so there's nothing for you to worry about.

BREAKDOWN COVER: RAC breakdown cover is included, giving you peace of mind wherever you go and 24/7 support for the full length of your lease.

ELECTRIC VEHICLE CHARGING: If you choose an electric vehicle, you'll receive a free home chargepoint with standard installation included. If a home charger isn't suitable, you'll instead have access to the BP pulse network of public chargepoints.

OTHER CONSIDERATIONS:

FUEL: You will need to pay for fuel separately.

GOOD CONDITION PAYMENT: If you return your car in good condition at the end of your lease, you may be eligible for a good condition payment from Motability Operations. You could receive £250 for a three-year lease or £350 for a five-year lease.

ADAPTIONS: A vehicle adaptation is a modification or addition to a vehicle that enhances accessibility, safety, or usability for individuals with specific needs. Speak to your local Nissan dealer to discuss what adaptation options may be available for you.

NISSAN JUKE PETROL

NISSAN QASHQALe-POWER

The multi-award winning Nissan e-POWER is a unique electrified vehicle technology that delivers a more responsive, guieter & efficient way to experience city driving, free from the need to plug in. With e-POWER, hybrid is reinvented. You don't need to plug-in an e-POWER vehicle. The petrol engine produces energy that charges the battery when the vehicle needs it. The petrol engine produces energy that can either be directly supplied to the electric motor or to recharge the battery. The electric motor alone drives the vehicle's wheels giving an electric feeling drive at all times.

START WITH THE PERFECT FIT

63kWh ADVANCE

The first choice for commuters with a family that crave weekend adventure with less need for regular long journeys. Coupe-Crossover style with front wheel drive, 160kW/217PS and 300Nm torque, 100mph top speed

and delivering up to 251 miles range<mark>*</mark>

*WLTP figures shown are for comparability purposes. Actual real-world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.

CHARGE AHEAD

Keep the energy high and the expectations higher. Explore up to 251 miles* on a single charge. It's possible to charge your Nissan ARIYA with a variety of different methods. Whilst you're on the go, there is a wide network of public charging stations that offer Type 2 AC charging, or you can utilise the Nissan ARIYA 130kW DC CCS Charging Rate to charge your battery from 20% to 80% in just 30 minutes**.

22kWh CHARGER OPTION

The 22kW AC Charger, additional cost option on the Nissan ARIYA 63kWh versions and standard on 87kWh versions, unlocks faster AC charging via its type 2 socket versus the standard 7.4kW AC charger found on the 63kWh Advance. This faster charger can cut the time of a full charge from circa 11hrs to 4hrs - almost three times guicker. However, to enable this faster charging rate, a 22kW charger requires a 3-phase energy supply.

For public charging, 22kW-capable AC charging stations are growing at a rapid rate and are becoming more widespread. Buying the 22kW cost option onboard AC charger would unlock this faster charging potential in the public charging network.

For domestic use however, very few residential properties have 3-phase supply. To get 22kW charging at a home residence, significant investment would be required in installation. If a property does not have this 3-phase supply, then regardless of whether an ARIYA is fitted with the 22kW onboard charger cost option, it will only charge at a maximum of 7.4kW rate.

MOTABILITY OPERATIONS OFFER A FREE CHARGING SOLUTION FOR ELECTRIC VEHICLE DRIVERS

When placing your application with your dealer, say yes to being contacted by a charger supplier. You'll then be contacted by the supplier directly who will arrange the provision of a charging solution. For more information on the Motability Operations offer of a charging solution (Terms & Conditions may apply), please Click here.

*WLTP figures shown are for comparability purposes. Actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. **Information is indicative of the ARIYA 63kWh Advance. Indicated rapid charging time requires use of a CCS rapid charger (Up to 130kW) and may vary depending on factors including charging conditions, battery, and ambient temperature at point of use and if the battery safeguarding technology is activated. Visit nissan.co.uk to find out more.

CHARGE ON THE GO

PUBLIC CHARGING STATIONS

There's an ever growing network of can top up your Nissan ARIYA on the go. They are along major roads, in petrol stations and in several "public buildings". Just plot your itinerary on the map and choose the most convenient one for the journey.

CHARGE AHEAD

As of January 2025, There are over 115,000 charging connectors across the UK, including over 28,000 rapid all UK charging devices.

e-PEDAL STEP

Utilise the one pedal driving experience with Nissan's e-PEDAL Step*. Standard on all grades, e-PEDAL Step allows you to accelerate and brake, simply with accelerator. Once you try it, you won't want to go back!

NISSAN INTELLIGENT MOBILITY

As the halo for the NIM platform, the of safety features designed to work to try to keep you as safe as can be. Monitor to Intelligent Blind Spot car can help to ease your journeys.*

*It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. E-PEDAL Step may require driver intervention in aggressive braking scenarios. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms.

FURTHER INFORMATION

The Nissan Motability Programme developed in association with the registered charity Motability helps you move through life with more confidence.

Terms & Conditions:

Nissan reserves the right to amend or withdraw offers at any time without prior notice, including in the case of any events or circumstances beyond Nissan's reasonable control.

- 1. Advance Payment offer valid for Motability applications from 1st July 2025 to 30th September 2025 at participating dealers and subject to vehicle availability.
- 2. Advance Payment varies according to model grade. For more information on full range Advance Payment, please refer to the Nissan Motability Price List (Prices effective from 1st July 2025 to 30th September 2025).
- 3. Motability vehicles available at a fixed weekly cost for the duration of your 3 year lease agreement. Where your weekly cost is less than your Motability total allowance, the difference will be paid directly to you by the Department for Work and Pensions (DWP) or Veterans UK depending on which allowance you receive.
- 4. Motability customers agree to pay all or part of the Motability Allowance (DLA, PIP, AFIP, WPMS, CDP or ADP (Scotland)) depending upon the vehicle chosen for the duration of the 3 year lease agreement.

For further information and details on the full range, please email your local Nissan Motability Accredited Dealer.

Images and descriptions shown are for guidance purposes. In some instances photos are of non-UK specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option.
